PROFILE

Electrical & Electronics Engineering graduate (B.Eng.) currently serving in the 2026 NYSC batch, with experience across electrical systems, renewable energy solutions, and frontend software development. Skilled in solar installations, electrical maintenance, and modern web technologies, with leadership exposure in academic and professional environments. Seeking a Professional Placement Appointment (PPA) to apply engineering principles and innovative problem-solving skills.

CORE SKILLS

- Solar PV Installation, Inverter Configuration, Electrical Wiring, Fault Troubleshooting
- React.js, Next.js, JavaScript, TailwindCSS, API Integration, Git
- Arduino Microcontrollers, Circuit Design, Python for Data Processing
- Technical Leadership, Project Coordination, Mentorship, Documentation

PROFESSIONAL EXPERIENCE

Yomsac Communications — NYSC Electrical Engineer (PPA) | 2026 – Present

1. Executed residential and commercial solar installations.
2. Maintained electrical systems and resolved wiring faults.
3. Optimized energy efficiency in renewable setups.

FuelupGlobal Enterprise — Lead Frontend Software Engineer | 2024 – 2025

1. Developed frontend architecture for a fuel delivery platform.
2. Built customer-facing web app with secure payment integration.
3. Created admin dashboard for real-time sales and logistics.

Nigerian Gas Company Limited (NNPC) — Engineering Intern | 2023 – 2024

1. Supported gas distribution and electrical system maintenance.
2. Monitored field equipment and maintained engineering logs.
3. Applied industrial HSE protocols.

Crudpen Technologies — Lead Frontend Web Developer | 2022 – 2025

1. Built responsive, high-performance web applications.
2. Mentored junior developers and enforced code quality.

EDUCATION

Federal University Otuoke — B.Eng. Electrical & Electronics Engineering (2018 – 2024)
Final Year Project: Design and Construction of a Biometric Fingerprint Attendance System.

LEADERSHIP & PROJECTS

1. Assistant Frontend Lead, Google Developer Student Club (GDSC), FUO

2. FuelupGlobal Platform – Frontend development and admin dashboard
3. Grandlife Pharma Website – Responsive professional website
4. Viraleety – API-driven social media dashboard
5. Church Radio Platform – Live audio streaming interface

CERTIFICATIONS & ACHIEVEMENTS

1. Guest Speaker, YenTown DevCon 2024 (Bayelsa Tech Hub)
2. Technical Mentor, GDSC – Mentored 50+ students
